

TRY Roleplays

Imagining that you can solve the problems faced by refugees.

Your Task:

1. Choose one of the items given by the organisers;
2. Create a play (**up to 7 minutes**) using the chosen item as a mean to solve one (or more) of the problems faced by the refugees across the EU (or the Baltic states).

You have absolute freedom for this task; that is you can e.g. have a narrator, involve public or make it interactive in some other way. **ABSOLUTE FREEDOM** for your creativity! Below you will find a possibly helpful standard form for your script (yet, it is up to you whether you decide to use it or not):
